FOREWORD

Section 215.32, Florida Statutes, provides that financial operations of the State of Florida covering all receipts and expenditures be maintained through the use of three funds, namely:

General Revenue—

(a) The General Revenue Fund shall consist of all moneys received by the State from every source whatsoever, except as provided in paragraphs (b) and (c) of this subsection. Said moneys shall be expended pursuant to general revenue fund appropriation acts or transferred as provided in paragraph (c) of this subsection.

Trust—

(b) 1. The trust funds shall consist of moneys received by the state which under law or under trust agreement are segregated for a purpose authorized by law. The administration commission of the department of administration shall have the power and authority to approve the establishment of any trust fund it deems necessary to preserve the integrity of any moneys received or collected by a state agency for a specific use or purpose authorized by law. The state agency, receiving or collecting such moneys shall be responsible for their proper expenditure as provided by law.

Working Capital—

(c) The Working Capital Fund shall consist of not more than fifty million dollars which shall be accrued from moneys in the General Revenue Fund which are in excess of the amount needed to meet the General Revenue Fund appropriation acts as determined by the Comptroller; said moneys shall be used as a revolving fund for transfers as provided by Section 215.18, and when the comptroller determines that said moneys are not needed for that purpose they may be temporarily invested as provided in Sections 215.44-215.53.

Unless otherwise provided by law, the disbursement of moneys from all three funds will, in accordance with Chapter 216, Florida Statutes, be subject to approval of the Administration Commission, Department of Administration. The Administration Commission is composed of the Governor, Comptroller, Treasurer, Attorney General, Secretary of State, Commissioner of Agriculture, and Commissioner of Education.

Chapter 17, Florida Statutes, provides the Comptroller shall, as the State's disbursing officer:

"examine, audit, adjust and settle the accounts of all officers of this state," and "prescribe the forms of all papers, vouchers, reports, returns, and the manner of keeping the accounts and papers to be used by the officers of this state. The Comptroller may also "erase from any original account all items disallowed by him."

As provided by Section 215.01, Florida Statutes, for a fiscal year beginning on the first day of July and ending on the thirtieth day of June the following year, all exhibits, schedules or statements shown in this report cover the period July 1, 1972 to June 30, 1973 unless otherwise indicated.

COMBINED BALANCE SHEET

Chapter 216.102, Florida Statutes provides, "On or before August 31, of each year, each agency supported by any form of taxation or licenses, fees, imports, or exactions shall file with the Comptroller a balance sheet as of June 30, of each year showing all assets, liabilities, and equities of the respective agency."

In addition to the above Chapter 216.102, Florida Statutes further provides, "It shall be the duty of the Comptroller to:

(a) Compile the respective balance sheets filed pursuant to subsection (1) into one balance sheet and include a copy of the same in his annual report; and

(b) Furnish the Governor with a copy of said compiled balance sheet pursuant to 216.091(3)."

The combined balance sheet was compiled by the Office of Comptroller from financial information received from the departments or agencies of the State of Florida together with supplemental information for footnotes provided by the Bureau of Accounting of the Comptroller's Office. In order that the balance sheet could be compiled uniformly for the State of Florida the forms used to prepare the agencies' balance sheets were furnished to the departments by the Comptroller after approval by a Joint Committee of the Comptroller and the Auditor General. All balance sheets were combined as submitted, except retirement of Long Term Debt accounts handled by the State Board of Administration. State Board of Administration figures were used since they were more complete.

The following fund classifications were used in the combined balance sheet.

CURRENT OPERATING FUNDS

These funds are used for the general operation of each State Agency and may or may not be designated for a particular activity within the agency. Financing of General operation is provided from various sources, such as fees, taxes, general revenue appropriations, etc. Nearly all State Agencies have monies for general operating purposes in the State Treasury in the State Trust Fund or the General Revenue Fund. Certain State Agencies, which do not pay by state warrant, have monies on deposit with local bank depositories, instead of the State Treasury.

AGENCY FUNDS

Many State Agencies hold monies in the capacity of trustee or custodian. Included in this fund grouping are deposits, loans, endowments, scholarships, retirement funds, etc. Agencies have monies in the State Trust Fund in the State Treasury as well as in local depository banks.

WORKING CAPITAL FUNDS

Working Capital Funds are those established to finance internal service activities rendered to the State's own agencies. State Agencies having Working Capital Funds are the Department of Commerce, Department of Education, Department of Law Enforcement, and the Department of Health and Rehabilitative Services. These agencies have monies on deposit in the State Trust Fund in the State Treasury.

SINKING FUNDS

Sinking Funds are required to service the long-term debt of State Agencies which finance some of their activities by the sale of bonds and revenue certificates. These monies are deposited in the State Trust Fund in the State Treasury, as well as in local depository banks.

PLANT FUNDS

Plant Funds are comprised primarily of building construction and major capital outlay acquisition activities of State Agencies; these activities are generally financed by appropriations from the General Revenue Fund as well as the sale of bonds and revenue certificates. These monies are deposited in the State Trust Fund and the General Revenue Fund.

FIXED ASSETS

This group of self-balancing accounts includes land, buildings, improvements, and other fixed assets as well as all State-owned tangible personal property as required by Section 273.02, Florida Statutes.

LONG-TERM DEBT

This self-balancing group of accounts contains all unmatured bonded debt payable and the amount of interest payable in future years. These obligations are offset by amounts available in sinking funds and the amounts to be provided for retirement of principal and interest to maturity. Also included in this group of accounts are long-term receivables and payables not subject to current settlement.

FOOTNOTES TO COMBINED BALANCE SHEET

1. The Combined Balance Sheet was compiled from the balance sheets as submitted by each department (except where noted below) in compliance with Chapter 216.102, Florida Statutes. Therefore, the Combined Balance Sheet is a compilation of the statements prepared by each department except where we made adjustments for large items such as Capital Outlay appropriations when omitted by individual departments. The reliability and accuracy of these statements will be determined at the time of the post-audit of each department by the Auditor General.

2. Per the Comptroller's records, the cash balance in the State Treasury in the Trust Fund as of 6/30/73 was \$191,750,808. The difference in \$191,750,808 and total of \$201,230,212 per Balance Sheet, or \$9,479,404 represents Agency funds not maintained on Office of Comptroller records. The cash balance in the State Treasury in the Working Capital Fund as of 6/30/73 was \$67,793.

3. Per the Comptroller's records, the cash balance in the State Treasury in the General Revenue Fund as of 6/30/73 was \$466,998,557 (appropriation balances \$255,039,398 and unallocated \$211,959,159). Through the month of October, 1973, the Department of Administration approved \$218,222,765 old appropriation certifications forward for General Revenue.

4. Per the Comptroller's records, the total of cancelled and restored warrants as of 6/30/73 was \$1,053,867. Of this amount \$903,508 was in trust accounts in the State Treasury (included in cash balance in Note 2) and \$150,359 was in the General Revenue account (included in cash balance in Note 3). Therefore, the total cash per the Comptroller's records as of 6/30/73 was \$658,817,158.

5. The Appropriation Balance per the Combined Balance Sheet does not reflect an amount of \$2,914,011 for the Judicial Department as they failed to use proper forms and on those forms used only reported \$819,929. In addition, an amount of \$2,296,274 for the Department of Highway Safety and Motor Vehicles as they failed to submit a balance sheet. The Department of Health and Rehabilitative Services balance did not include amounts for "Sunland at Fort Myers," their appropriation balance was \$338,638. The liabilities and other assets connected with these appropriations could not be included without agencies' balance sheets.
